Knotwork Tutorial 1 hour

Rolin Thurmundsson

(Can do a Beginner, Intermediate, or Advanced version, based on interest)

This illumination tutorial covers basic interlacing techniques, simple border and panel construction, analysis of existing patterns, interlaced corners, more advanced patterns, and provides links to other, advanced sources for your further research.

· Bring basic drawing materials if possible. A graph-paper pad or blank paper and pencil are sufficient. I'll have some graph paper available as well. Class documents will be available on-line, and I'll make a few copies.

The class is based on my tutorial site:
